

Here is a list of Bodie's Leadership Axioms from our interview:

- Try to learn one new thing everyday
- The higher up you go the more of a servant you become
- Every day, look for a way to make a difference in some one's life
- Demand perfection, but tolerate excellence
- What goes on inside you is bigger than what goes on around you
- Research and look for what successful leaders do
- Be "Grabable" - position yourself to be raised up to another level in life.
